ECEMF – EFECT merger proposal

- As decided at the last GA(s), we discussed and came up with a proposal for a merged network
- All EFECT and ECEMF members become members of the new forum
- New name: **ECMF**
(European **E**nergy and **C**limate **M**odeling **F**orum)
- Coordination: expanded to 2-6 members co-directors
- Secretariate run jointly by CMCC and NTNU
- ECEMF (29.9.25) and EFECT (6.10.25) both voted in favor of this merger unanimously

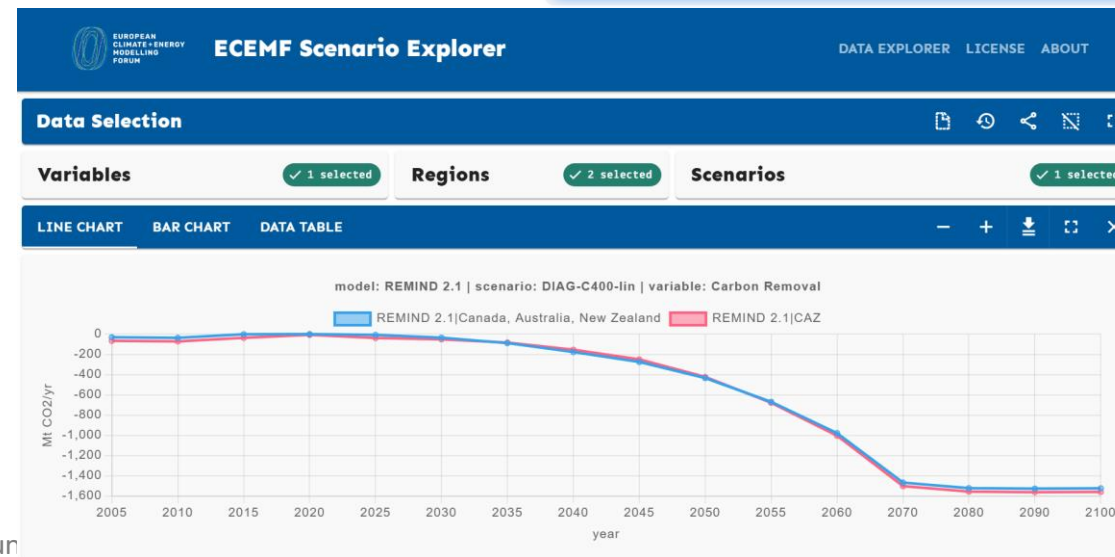

ECMF platforms

Future Sight Interactive Dataviz

Discourse forum

IIASA database

This project has received fun

grant agreement No 101022622.

ECMF activities for members

- Convene periodic EC funded project cross-collaboration meetings
- Website
- Newsletter, Member directory, Social Media
- ECEMP conference co-organizer
- Co-organize 1-2 Special Issues around the ECEMP
- Discourse discussion forum
- IIASAdb scenario explorer instances (internal and public)
- Future-Sight data visualization front-end to scenarios
- Initiate and coordinate Model Missions (MIPs) on relevant topics
